

**CSHP- Newfoundland and Labrador Branch
Awards Committee Report
AGM 2002**

Several awards/ travel grants were offered to our members over the past year. On behalf of the Awards Committee I would like to thank our industry sponsors for their continued support of our awards program.

Aventis Book Awards - Two student members and two active members of the Branch, Scott Edwards and Dave Smith, recieved copies of either the AFHS or a Natural Therapeutics handbook.

Apotex CSHP Professional Practice Conference Travel Grant - This year's lucky recipient was Karen Hanrahan.

Eli Lilly Canada CSHP AGM Travel Grant - Ken Walsh was selected but unfortunately could not attend. The funds were ultimately unused and will remain with the Awards Committee for future allocation.

Past President Award - Susan Gladney-Martin received the Past President Award on behalf of her dedication and service as President of the Branch.

Finally, the Awards Committee has been working the establishment of an award that will recognize contribution to practice within Newfoundland and Labrador. Details of the award including nomination forms will be sent to members early in the fall. We are very pleased to create this award as it is important to "salute" those that "go the extra mile". Look out for it soon, and please consider nominating a deserving pharmacist!

Respectfully submitted,

Barbara Thomas, Chair

Awards Committee

Karen Hanrahan
Ken Walsh
Ted Dawe
Carla Dillon
