Borys Sydoruk  
Leo Pharma

The CAPSI /CSHP Pharmaceutical Care Case Competition was in conjunction with the CE in April sponsored by Merck again this year. A great turn out at this event.

The overall attendance has been good at the CE events.

We have continued to minimize postage and paper by using e-mail and fax as the lines of communication. Anyone having other suggestions please feel free to contact me.

We acknowledge Naha for their continued support with the hard copy invitations that have to be sent via mail.

Thank you to the Industries for there continued support to make these events possible.

John Hawboldt has resigned as cochair, thank you John for your support on this Committee. Anyone interested in joining this Committee please feel free to contact me for information.

I would like to recognize Lisa Bishop and Debbie Kelly for their support to me while serving on this committee as a sole person.

Respectfully submitted  
Elizabeth Reelis
