Vision 2003: Setting the course, partnering with patients, striving for excellence.

Host Committee Report Annual General Meeting September, 2002

The committee has been extremely busy over this past year in preparation for CSHP's National Annual General Meeting to be held in Newfoundland next August. Since our last report, there have been a few changes to the committee. We are pleased to welcome both Gerry Peckham and Don Hillier to our committee. We are also sad to report the passing of Alfred Dawe as his presence on the committee will be greatly missed.

Over the past year we have been working with Far East Events to assist us in the planning of the three social evenings. To date the venues are confirmed as well as most of the entertainment for the evenings. Far East have great ideas and we will continue to work with them over the next year in the planning of these social events.

Our other major project this past year was planning for the promotion of our conference in Vancouver at this year's AGM. This included the development of our logo and theme. We are pleased with Andreas creativity in coming up with our theme "Experience the Edge...Where Old Meet New". Barb and Lisa attended the AGM in Vancouver where they did a presentation to the group inviting them to our AGM, a booth was set up with tourism information and invitation cards were placed in all the registration bags and on the tables at the Past President's Dinner.

This next year will prove to be very busy for us as we make all the final arrangements for the social events for the AGM. We encourage everybody to take advantage of this opportunity next year when the conference is held locally. Please visit our website as more details become available (www.cshp-nl.com).

Respectfully submitted,

Lisa Bishop and Heather Ryan
Co-Chairs
