

*Newsletter Committee Report  
Newfoundland and Labrador Branch CSHP  
Annual General Meeting  
St. John's - September 2003*

In 2003, we have published one issue of *Branch Out*, with another issue to be published this month. Our last issue included various Branch news and information, and an article from our former CAPSI representative, Amy Flinn, regarding "Student Health Professional Relations". Karen Hanrahan, the winner of a travel grant to CSHP PPC 2002, submitted an article discussing immunization with Varivax<sup>®</sup>. With thanks to clerkship students from MUN School of Pharmacy, we have several articles to publish in the future on various pharmacotherapeutic topics.

Another issue of *Branch Out* is due to be published in September, with another issue planned later this fall. Our aim for the upcoming year is to publish at least three issues yearly. Our publication costs have remained relatively low and Pharmaceutical Supplies have generously funded our newsletters.

I have enjoyed my role as Chair of the Newsletter Committee over the last year. I would like to encourage any member who wants to contribute to *Branch Out* to please contact me – any assistance would be appreciated!

Respectfully submitted,

Angie J. Payne
