Website Committee Annual Report – 2004-2005

Submitted: September 2005

www.cshp-nl.com

As in previous years, the website contents this year included: branch news and announcements; advertisements for branch events; links to useful pharmacy websites; membership information; a student member area; and contact information for the branch executive and committee chairs.

The website this year also includes the branch manual; commonly used branch forms; CSHP position papers and other documents; an archive of minutes and committee reports from past annual general meetings and pharmacy newsletters from hospitals across the province. All of these documents may be viewed and/or printed with Adobe Acrobat.

We have been contacting members with announcements and information about branch activities through email.

Some statistics on usage of the website this year include:

- There was an average of 1344 visits per month from October 2004 to August 2005. This compares with 1061 visits per month in the previous year.
- The average time of each session was 40 seconds.
